SUMMARY

I am **Shaxobiddin** and I am a skilled programmer with expertise in a lot of technologies. I have experience working independently, finding clients, and completing their projects.

My educational background includes attending Transport Lyceum, where I study economics. I am seeking opportunities to apply my programming skills and contribute to the success of a dynamic team. My proficiency in various programming languages and frameworks makes me a valuable asset for projects requiring front-end and back-end development. MY entrepreneurial spirit and self-motivation are evident in my work history. I am passionate about staying up-to-date with the latest technologies and tools, ensuring I can deliver high-quality solutions to clients.
